EXPERIENCE

Mysoftheven (bd) ltd. Full Stack Developer - (23, July, 2023 to Present)
Now employed as a Full Stack Developer, specializing in API integrations and frontend technologies. The following are among my duties:
Frontend Technologies: Using Next.js coding guidelines while creating and managing applications with React, Next.js, Tailwind CSS, Bootstrap, Redux, Context API, and TypeScript. Database.
Backend: Using MongoDB, MySQL, and Laravel (REST API) for server-side logic and data storage.
Data Fetching: Using Axios and React Query (TanStack Query) to implement effective data fetching strategies. Developing intuitive user interfaces, guaranteeing peak performance, and overseeing scalable frontend and backend system integrations are some of the main contributions.

SKILLS

Expertise: JavaScript | React JS | Next JS | Redux | Node Js | Express Js | Mongoose | TypeScript | ES6 | HTML5 | CSS3 | Bootstrap | Tailwind CSS | Daisy UI | Axios | Ten stack query | MVC | OOP
Comfortable: Prisma | POSTMAN
Language: JavaScript | TypeScript | PHP
DB: MongoDB, Mysql, Postgresql
Familiar with: Laravel
Tools: Visual Studio | Chrome dev Tool | Netlify | Figma | Firebase | GitHub | Redux Devtools | Vercel

PROJECTS

Recipe Share Community Platform (Currently working)
    Frontend Github Link   Backend Github Link   Live Link
- This is Recipe Share platform. Using two types users Admin and user. It's kind of social platform.
- As a user post recipes and admin approve and published like rating and comments in recipes.
- **Share the recipes social platform like FB, Instragram, what's app etc.**

Technology used: Node Js, Express Js ,Typescript ,Mongoose ,JWT, SMTP, AmrPay Payment, Next js, TanStack Query.

Sports Facility Booking Platform
    Frontend Github Link   Backend Github Link   Live Link
- This is sports-facility-booking platform. There 2 role and payment gate way implements **amrpay and SMTP .**
- **User Can facility service booking and date wise available booking slot filter.**

Technology used: Node Js , Express Js,Typescript ,Mongoose ,MongoDB ,JWT, Redux ,React Js.

EDUCATION

Diploma In Computer Engineering (Cumilla Polytechnic Institute)
Graduation Year: 2021, Duration: 2017-2021.
B.sc In Computer Science Engineering (Green University of Bangladesh) 2022 to Present.

LANGUAGE

BANGLA - (Native) ENGLISH – (Basic) Hindi – (Comfortable)
